

FATHER'S DAY MENU

Before we set the scene, you'll need to decide what you want to cook (ask for help from a grown-up), but don't worry, you've got options. We have step-by-step recipe cards for a lot of our most popular dishes on our website www.pizzaexpress.com/homemade-favourites which will make Dad a very happy chappy.

If you don't feel you can pull that off, then our pizzas, Dough Balls, salad dressings and more are available in supermarkets which will do the trick and put a smile on Dad's face.

Whatever you decide to cook, write it on the 'Special's Card' (you can find this on Piccolo Corner too!) and let Dad order his favourite pizza.

There's a sample menu on the next page with room for you to write in whatever it is you've cooked too!
