

We've cut our pizza base into two equal pieces.  
Each piece is called a **half** or  $\frac{1}{2}$

We've put mushrooms on  $\frac{1}{2}$  of our pizza.

We've cut our pizza base into 4 equal pieces.  
Each piece is called a **quarter** or  $\frac{1}{4}$

We've put tomato on  $\frac{1}{4}$  of our pizza.

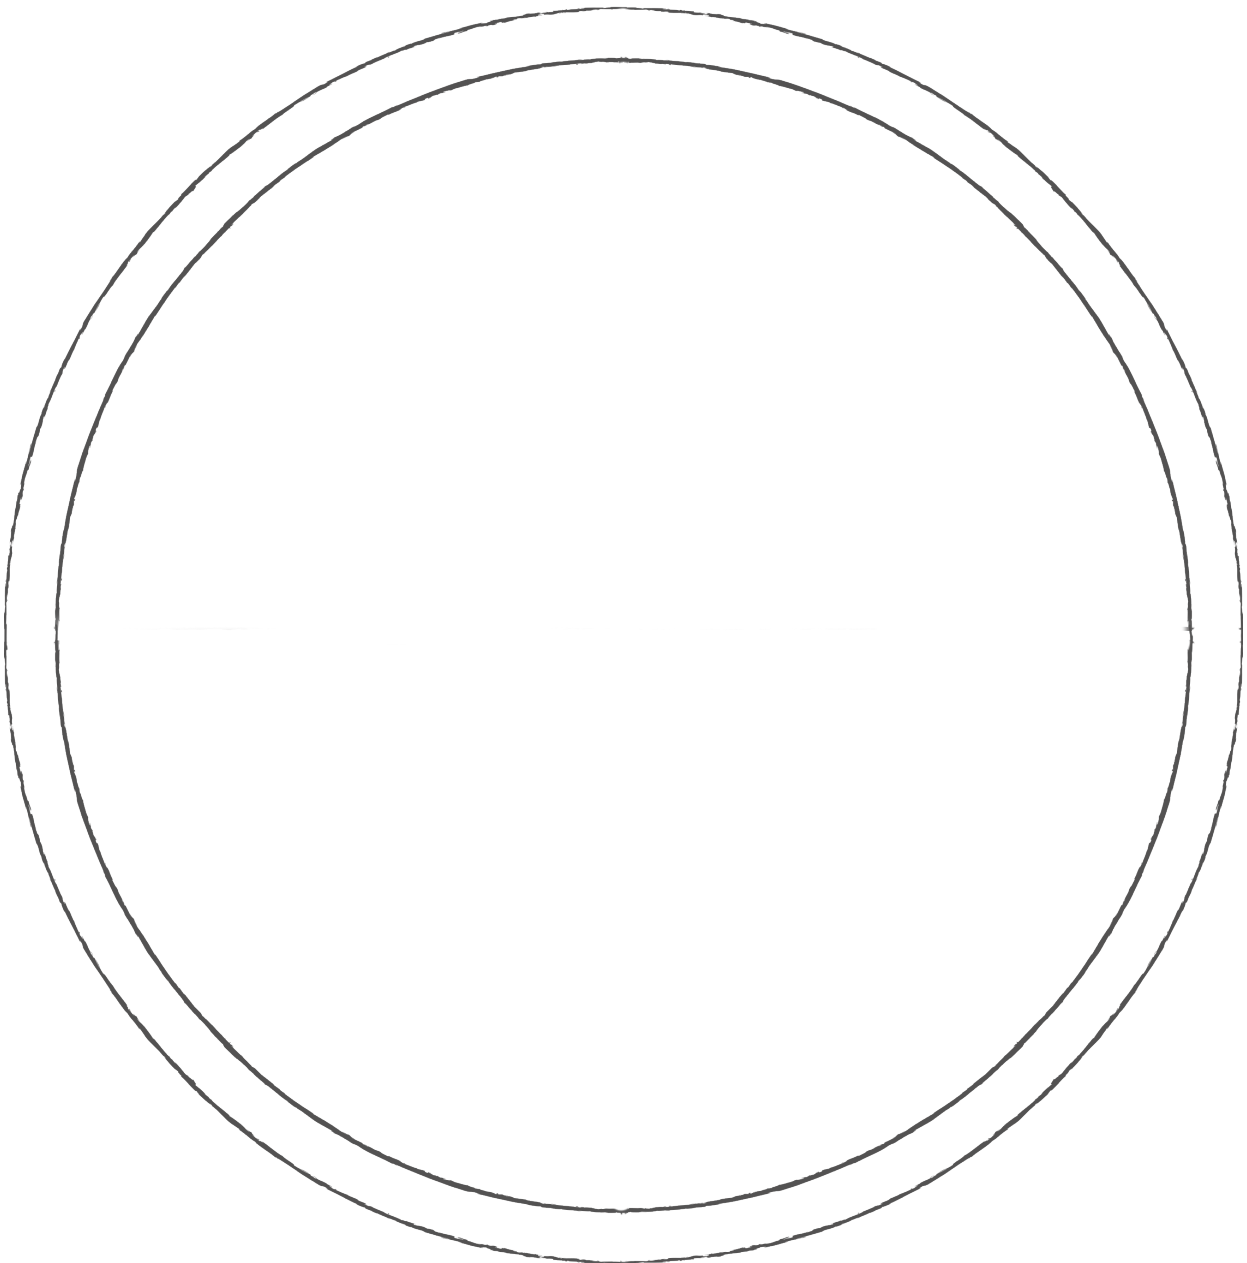

# Let's play a game with pizza.

1. Split the pizza below into **halves**.
2. Then into **quarters**.
3. How many **quarters** are there in a **half**?
4. What's another way to write a **half**? \_\_\_\_\_
5. What's another way to write a **quarter**? \_\_\_\_\_

# Can you help our pizzaiolo make pizzas?

Use the toppings on the next page to help out!

1. A pizza with  $\frac{1}{2}$  tomato and  $\frac{1}{2}$  basil
2. A pizza with  $\frac{1}{4}$  tomato,  $\frac{1}{4}$  basil and  $\frac{1}{2}$  peppers
3. A pizza with  $\frac{3}{4}$  mushroom and  $\frac{1}{4}$  basil
