Allergen Information

JANUARY 2020 VI

At PizzaExpress your lifestyle choices and dietary requirements are just as important to us as they are to you or someone you care about. Please note that our menu descriptors do not include all ingredients or allergens. Even if you have chosen the item previously, please make sure that you check the allergen information each time you visit and always inform us of your allergy, intolerance or dietary requirements when ordering. Our teams cannot recommend or tell you what is suitable for you to eat or drink. Regional variations may apply.

In accordance with the EU Food Information Regulation, we declare the main fourteen allergens.

Information on calories, carbohydrates and other nutritional values can also be found online on our website.

For allergens, see ingredients in **bold**. As our dishes are handmade in our busy kitchens, unfortunately we cannot guarantee that they are 100% free of allergens or contaminants.

PIZZA BY THE SLICE AND WHOLE

14"
